### THE WEATHER.

Local rain tonight and Thursday.

### ARE THREE AND THREE.

Deadlock in the Directory of the Tunnel Road.

The directors of the Benton Harbor Electric railroad company will meet again this evening and endeavor to do business.

The last meeting was without avail as there was a deadlock and no business could be transacted. The board consists of six directors. Three of them, Hamilton, Davies and Hollis, were in favor of going ahead with the business but the other three, H. D. Dean, A. Dean and J. S. Moats voted solidly against the others.

It is scarcely expected that the deadlock will be broken this evening.

### AMONG THE CRIMINALS.

John Eber, of Bainbridge, Robbed by a Hired Man.

Monday night John Eber, of Bainbridge township, was robbed by his hired man of \$40. The thief's name is Otis Bently. He got possession of the key to the trunk containing the money and while the Eber family was asleep he unlocked the trunk, took the money and disappeared. He had been in the employ of Mr. Eber for several weeks. Sheriff Ferguson is working on the case. Eber is 19 years old and once lived at Bangor.

The men who broke into the West Michigan depot at Stevensville and stole two express packages containing men's clothing and laundered linen, left their old clothes behind and made their escape in the new stolen garments. Their old clothes were found yesterday a short distance from the village where they made the change.

An action was begun in Justice Cady's court last night to have Jake Hayshaw placed under bonds to keep the peace. He will have his hearing next Monday. Hammond & Hammond will defend him.

Chief Sterns and Officer O'Brien started out in pursuit of a colony of tramp tramps this morning. The tramps were inhabiting a box car in the railway yards and when they saw the officers coming they abandoned their quarters and fled in all directions. It was expected to put the troupe of tramps on the stone pile.

## ITS GRIP ALL GONE.

Bell Telephone Company Is Receiving a Black Eye in This City and St. Joseph.

### THEIR SERVICE IS CRIPPLED.

A Long List of People Who Have Thrown Out the Bell for the Twin City.

The Bell telephone service is now so crippled in Benton Harbor and St. Joseph that it is of little or no value. Bell phones are now coming out at the rate of a dozen a day and by the end of the present week there will be no service at all.

The Bell people are about offering phones for \$2 a year or nothing but even at these terms there are no takers. Nobody wants the Bell because it is of little greater use than a wire from one's garret to his cellar.

The Bell people have no franchise in Benton Harbor and never had one. It is not their policy to take out a franchise anywhere, as in a franchise they are bound to do certain things and to limit themselves to certain charges. When they opened business here they secured a permit to set poles and if these poles come into disuse they will become a common nuisance and it will be within the province of the city council to order their removal. If they secure any new subscribers it will be necessary for them to get a permit to set them, which under present conditions may not be an easy thing to do.

The following Bell telephones have been removed from the walls in Benton Harbor: Spencer & Barnes, C. H. Soule, H. T. Hall, Hotel Benton, C. J. Brown, Anderson, Tully & Co., American express company, J. S. Barker, Dr. Eastar, G. M. Bell & Co., Dr. G. M. Bell, Benton Harbor pumping station, H. L. Bird, Dr. Boetick, George Butzbach, L. O. Chatfield, B. R. Sterns, George Closson, Mrs. Cole, Colby Hinkley Co. (2), EVENING NEWS, Daily Palladium, G. C. Dickinson, J. E. Dunbar (2), J. H. Edgemon, C. M. Edick, Enders & Young (2), Farmes & Merchants' bank, Fontaine Milling company, Charles Foster, William Freestone, F. R. Gilson, Gore & Harvey, Dan Green, Herr Bros., F. S. Hopkins, C. S. Hopkins, E. Brammell, Dr. B. O. Johnson, Kidd, Dater & Co., J. J. Miller, John T. Owens, W. P. Robbins (2), Ira A. Smith, B. H. Spencer, Squire, Dingee Pickle Co., Stevens & Morton Lumber company, J. E. Stevens, Valentine & Ellsworth, Clarence T. Warner, Dr. Watson, Dr. Winans.

Besides these other Bell telephones are being constantly removed and the Bell company is in shape to give no sort of service.

In St. Joseph the same state of affairs exists as in Benton Harbor. It is stated that every grocery house in that city has taken out the Bell instruments.

The line of the Twin City company to Stevensville which was completed last Monday is being well patronized. It was used every hour of the day yesterday. The toll for talking is only 15 cents.

### ENTHUSIASM INCREASING.

Baker Stock Company Pleasing Theatre Goers.

The enthusiasm over the theatrical performances given each night in Conkey's opera house by the Baker stock company is increasing and before the week closes it is predicted that the company will be playing to crowded houses.

Tonight, tomorrow night and Friday night the attractions will be for the benefit of THE EVENING NEWS boys band, the members of which are striving to procure a sufficient amount to obtain uniforms.

After tonight the bill will be changed and an entire new program will be presented. Every member of the company is an artist, and their entertainments are counted among the best. The company was received by Chicago theater goers, during its engagement there this spring, with a warm welcome. The press criticisms extolled the players in the highest terms.

Those who enjoy a high-class, refined show will find in the Baker stock company something to please them. The Gutta Percha Girl will be presented tonight. Tickets 10 and 20 cents.

### UP-TO-DATE DENTISTS.

Drs. Garratt and Hilborn are Meeting With Success.

Dr. Van C. Garratt and Dr. E. N. Hilborn are working up an extensive business all over this county by the high class of work they are doing. They are in the following towns as follows: Sodus, Tuesdays; Eau Claire, Wednesdays; Berrien Springs, Thursdays and Coloma, Saturdays.

Both of the doctors are graduates of the leading colleges and their work is of the highest order.

### WATER THIEVES.

St. Joseph Board of Public Works to Run Them Down.

There has been a suspicion existing in the minds of the board of public works in St. Joseph that many citizens were enjoying the advantages of the water system without paying anything into the city treasury. Several cases of this sort have come to light and with a view to preventing the further robbery of the city the board at a meeting yesterday afternoon instructed the water committee to make a house to house inspection, by which means it is expected to be able to detect such residents who are using water for domestic and lawn-sprinkling purposes without paying the city.

The board recommended to the city council the granting of the petition for an extension of the water main on Church street and also advised the granting of permission to John Kibler to connect with the sewer in Main street.

## TWENTY LIVES LOST.

Repetition of the Johnstown Flood Horror at Mattewan, N. Y., This Morning.

### RESERVOIR BURSTS CONFINES.

And the Giant Flood of Water Carries Homes, With Their Occupants, With It.

MATTEWAN, N. Y., July 14.—[Special].—Without an instant's warning, the Meezinah reservoir in the Fishkill mountains burst this morning.

It is reported that more than 20 lives were lost in the torrent that escaped. Nine bodies have been recovered and more are believed to have been drowned.

No such disaster since the Johnstown flood has carried such destruction in its grasp.

Houses were caught up and hurled away in a tangle of trees and timbers. Their roofs were occupied by frenzied men and women shrieking for assistance.

### TIRED OF JAIL LIFE.

Peter Peterson Wants to be Admitted to Bail.

Peter Peterson, the man who attempted to slay his sweetheart, Miss Eliza Harris, wants to get out of jail on bail. His attorneys, Gore & Harvey, today submitted to Judge Coolidge the matter of admitting him to bail. The court was not disposed to comply with the request. It has not been shown to the court that Peterson was safe at large and until such showing is made he will remain in jail. Peterson this morning expressed a desire to plead guilty, providing it would shorten his sentence, but after interviewing his attorneys his mind was changed. It is regarded as being dangerous to allow Peterson his liberty upon bail, considering the threats he is alleged to have made.

The circuit court adjourned at noon today and Judge Coolidge returned home on the 10 o'clock train over the Big Four. The hearing in the case of Norman J. Eldred against Charles H. Godfrey was concluded and the court will at once prepare a decree in the case.

### MERCHANTS ENJOY IT.

Appreciate the Accommodation of Kidd, Dater & Co.

This morning B. Hinchman, a grocer of Sawyer, was in need of some goods in a hurry. He sent an order in to Kidd, Dater & Co. of this city on the train which reaches Benton Harbor at 10:30. The train leaving Benton Harbor at 11:55 carried the goods the Sawyer merchant wanted, and he received them before 1 o'clock. This is almost an everyday occurrence with this wholesale grocery house and the accommodation of having their orders filled almost instantaneously is keenly appreciated by all the grocers in this vicinity.

Benton Harbor is proud of her wholesale house. Goods are bought by Kidd, Dater & Co. of the manufacturers, some are imported and everything comes in carload lots, the same as Chicago houses buy. They meet Chicago prices and quality and save the grocers of this county many dollars in freight. They also enable dealers to carry a smaller stock as goods may be secured from the wholesale house from any part of Berrien county in a few hours.

Republican League Party Day Listening to Oratory.

### PINGREE ATTACKS CORPORATIONS,

And His Successor on the Stand Tells Him That Is an Easy Way to Obtain Applause, but That We Must Have 'Em—Woodmansee's Remarks About Cuba—Mass Meeting Held at Night—Canvass for the League Office.

Detroit, July 14.—The National Republican League convention opened yesterday with a fair attendance of delegates for an "off year" in politics. Nearly all the states are represented, although the quotas of delegates are small in several instances. The absence of party leaders who are prominently identified with the administrative and legislative departments of the national and state governments is a conspicuous feature. The assemblage comprises chiefly the younger members of the party, who, while they have not attained eminence in political life, have plenty of enthusiasm and energy. The radical partisanship of the league men was illustrated in the fact that Mayor Maybury, a Democrat, was not invited to offer welcome to the delegates, Colonel H. M. Duffield having been selected instead by the local committee.

**Pingree Meets a Challenger.**

In his address of welcome Governor Pingree voiced his well-known opposition to corporations, while Colonel Duffield, who followed, took occasion to state to the governor—who had said that the hope of the country was in the people—that "the hope of the people is in the Republican party," and that while it was easy to arouse a handclap against corporations that country could not live without them. The addresses of President Woodmansee and of President Dingley, of the Michigan League, son of the chairman of the ways and means committee, were enthusiastically received, and the convention adjourned early after the usual routine business.

**Woodmansee on Cuba.**

Much of the oratory was devoted to advocacy of protection and a larger foreign policy—the annexation of outlying territory, etc. Of Cuba Woodmansee had the following to say: "In keeping with this policy [protection] it will guarantee that all liberty-loving people of the Isle of Cuba may rest securely in the shadow of our country's flag. Be it said to the glory of the American Republic that her citizens since the advent of Republican administration, are better protected and are safer in life and property on the Isle of Cuba than are the subjects of Spain herself. How could our people espouse the cause of Spain? Their very natures revolt when they recall the barbarous 'conquest of Mexico,' which is simply a link in the chain of atrocities that makes up Spanish history. Better, indeed, for our country that it should ally itself with the humblest government on earth than that it should be unconcerned about the barbarities of the other nations, however, exalted."

**Contest for the Presidency.**

Last night there was a mass meeting in the convention hall at which a number of speeches were made and great enthusiasm manifested. The contest for the league presidency which will be settled by today's election goes merrily on. Crawford of Kentucky, and Fleitz of Pennsylvania, each professes confidence in his election, while Pollasky of Chicago asserts that he is still in the race, notwithstanding the Illinois delegation is not giving him united support. Today will be held the convention of the Republican College League. The attendance promises to be light and the sentiment of the college men is that their gathering should hereafter be held in April, during the school year, when their members can be better assembled.

**Says the Strike Is Politics.**

Until 9 p. m. the auditorium presented a somewhat dismal appearance and the outlook for a good attendance at the mass-meeting last night was not promising, but before the meeting began the building was reasonably filled. Webster Davis, of Kansas City, assistant secretary of the interior, made a warm speech. "In certain localities today," Davis concluded, "scheming politicians are trying to incite the laborers to engage in strikes in order to defeat for re-election to the United States senate one of the noblest of American statesmen, Mark A. Hanna. But he will not be defeated, in spite of all these mining strikes." [Great applause.]

Former Senator Arthur Brown, of Utah, was last introduced. He commended McKinley's action in appointing a bimetallic commission to European countries, and alleged that the only party which would ever restore silver to its rightful position in the currency was the Republican party.

### FATAL FREIGHT-CAR RUNAWAY.

Collision with a Train Follows and One Man Is Killed.

Boone, Ia., July 14.—A Chicago and Northwestern switch crew at 5:30 yesterday morning let seven freight cars get away from them in the yards here on the main line, and they started down the steep grade west of the city at a terrific speed. About a mile down they collided with freight train No. 22, a double-header coming up the hill. All the trainmen on both engines jumped and were not injured. In one of the runaway cars two tramps, Frank Brooks and Eugene Bike, were sleeping.

Their car was completely telescoped with another. Bike was killed instantly and Brooks badly injured. Both engines were badly wrecked and traffic over the road was delayed seven hours. Bike's body is being held to await possible inquiry from friends. He wore a watch with the initials E. B. on the case.

### Women Go Down Like McGinty.

Alpena, Mich., July 14.—Captain and Mrs. Persons, of Thunder Bay Island, and Mr. and Mrs. Case, of Alpena, went down to the Pawable wreck in the Smith flying cylinder, remaining an hour and half. These are probably the only women who ever went down in 100 feet of water and came up alive.

South African commission that has been inquiring into the Transvaal raid has agreed upon its report. The Pall Mall Gazette today publishes a summary of the conclusions of the committee. The report will express an emphatic opinion that whatever justification there might have been for action on the part of the people of Johannesburg, there was none whatever for Cecil Rhodes' conduct in subsidizing and stimulating an armed insurrection against the government of the Transvaal.

A heavy responsibility, according to the report, remains with Rhodes, despite the fact that at the last moment Dr. Jameson invaded the Transvaal without Rhodes' direct sanction. The gravity of Rhodes' transaction is weightily expressed by the committee, which finds "that he seriously embarrassed both the Imperial and colonial government; that his proceedings resulted in an astounding breach of international comity; that he utilized his position and the great interests he controlled to assist and support revolution, and deceived the high commissioner, as well as concealed his views from the members of the colonial ministry and the directors of the chartered company."

The committee in conclusion condemns the raid, but at the same time expresses the opinion that nothing will be gained by proceeding with the proposed extension of inquiry into the administration of the Chartered company. Lord Rosemead and Chamberlain, and the under secretaries of the colonial office, are held blameless.

Labouchere presents a minority report closing with the insinuation that Chamberlain might have been proved guilty if the investigation had been continued.

### No Style About This Wedding.

Mason, Mich., July 14.—W. H. Dix, son of Auditor General Dix, and Miss Maud Haynes, of Dundee, were married Monday in this city. They drove from Lansing in the sweltering heat, and asked all whom they met to keep the wedding quiet. County Clerk Gunn said the couple were dressed in every-day summer apparel and that the groom needed a shave. He promised not to publish the license, and directed the couple to the house of a Baptist minister, who performed the ceremony. After the sun went down they drove back to Lansing.

### Pan-Americans at Milwaukee.

Milwaukee, July 14.—The delegation of pan-Americans arrived in the city yesterday on the steamer Wisconsin. C. R. Rosenberg, of the Philadelphia Museum of Commerce, acting manager of the transportation, was at the head of the body. The party was met at the gang-plank by a committee headed by ex-Mayor John C. Koch, who escorted them to the Hotel Pfister for breakfast. They were hospitably entertained during their stay here.

### Sensation in the Spaulding Trial.

Chicago, July 14.—In the trial of ex-Bank President Charles W. Spaulding for embezzlement, Professor S. W. Shattuck, of the University of Illinois, created a sensation by declaring that there was enough money in the general fund of the university to meet all warrants drawn up to the date the bonds were hypothecated by Spaulding.

### Boys in Gray Going To Be There.

Atlanta, Ga., July 14.—General John B. Gordon, commander-in-chief of the United Confederate Veterans, has issued an address accepting the invitation recently extended the organization by the Logan monument association, of Chicago, to participate in the unveiling July 22 of the monument of General John A. Logan.

### Retail Clerks in Council.

Toledo, O., July 14.—President H. J. Conway, of St. Louis, called to order the seventh annual convention of the National Retail Clerks' association, at the council chamber, at 10:35 o'clock yesterday morning. Some 200 delegates are present, representing over 200,000 retail clerks.

### Agricultural College Gathering.

TWIN CITY TELEPHONE 172.  
WEDNESDAY, JULY 14, 1897.

PERHAPS the days of the Bell telephone company are not numbered in Benton Harbor but it would take a very little time to number the phones they have in operation here. The Bell company should have no regrets. It picked the Benton Harbor goose when it had a chance with cheap service and high rates.

THE EVENING NEWS usually can see wisdom and a large heart in the rulings of Justice Cady, but from his statements published in today's paper we entirely disagree. The justice complains because the city is making a little money out of the fines of criminals. To eat up the profit he believes that the chief of police ought to pull every vagrant up before a justice and cause the city to pay costs which amount in each case to \$2.45. The costs are divided between the justice and the police department and if the defendant can't pay, as is always the case, then the county or city has him to feed for 20 or 30 days. The only cause for admiration in the argument of the justice is his frankness.

ABBREVIATED TELEGRAMS.

Mrs. Anna Gibson, aged 108 years, the oldest woman in Macon county, Ill., died at her home south of Decatur Monday night.

J. W. HAUSER, living near St. Joseph, has two new varieties of cherries, samples of which D. J. Cullinane brought to this city last night. They are very large and of fine flavor. They are called Hauser's Favorite Sweets and Hauser's Favorite Sour. Mr. Hauser will have an unusually large crop of peaches.

A CHARLOTTE paper speaks of Miss Edith Reach, now Mrs. Livingston, as follows: "Word is received from Chicago that Mrs. C. D. Livingston is receiving emphatic benefits from treatment she is receiving there." Mrs. Livingston was formerly a teacher in the public schools here and is afflicted with pulmonary trouble.

CONSTABLE Sinsabaugh arrested a tramp yesterday in the southern part of the city who was importuning the residents to give him clothing and money. He was so persistent that several housewives were frightened almost into hysterical convulsions. The fellow was locked up until this morning when he was discharged with instructions to leave the city at once.

FRED S. Hopkins and Alderman Volheim took a spin into the country yesterday on their "bikes." They brought up at the farm of the former three miles out and spent several hours in viewing the domain. In a remote corner of the farm they found a Jersey cow standing on her head in a ditch where there was running water. But for their timely arrival she would have perished. They took the creature by the horns and helped her to her feet.

THE QUESTION OF INJUNCTION.

Batchford Says He Is Not Afraid—Comments of Governor Tanner.

Columbus, O., July 14.—When asked in reference to the proposed action of the officials of the Wheeling and Lake Erie railroad in enjoining the miners from interfering with the operation of their mines, President Batchford said: "If it is lawful for men to cease work and strike against insufficient wages to support them we have violated no law; if it is not lawful we plead guilty. We do not fear to advise the men to strike so long as they do so along lawful lines, and therefore we have no fear of the proposed injunction." Batchford said he was confident of bringing out the West Virginia miners. A telegram was received from Grand Master Workman Sovereign, of the Knights of Labor, offering his personal services.

Springfield, Ill., July 14.—Governor Tanner is of the opinion that the coal miners' strike will result in bloodshed. He said: "I have never seen a strike which assumed the proportions of the present one that did not end in bloodshed. I hope that the present difficulty may be settled peaceably, but in the event of serious trouble I have decided upon my course of action. I shall first exhaust the power of the constabulary of the state, and in the event of sheriffs and other peace officers failing to properly preserve order I will order the national guard into active service. If this is done there will be no playing, nor will there be any hesitation in sending enough troops to preserve order. Violation of the public peace and order will be severely dealt with."

Terre Haute, Ind., July 14.—Yesterday President Knight, of the Indiana miners, was called to Clinton, where 500 men who have been working on an unorganized basis for two years and taking whatever prices were offered, are anxious to join the union and help along with the strike. In Sullivan county the Star City mines posted notices that no more mining would be done until the strike was settled. This practically ends the mining in that county. Advances were received by the miners' officials yesterday representing efforts of several operators to secure settlements with their men at the wages asked. In each instance all the offers were ordered rejected until after the meeting of the national executive board, which will be held at Columbus, O., at an early date. The strike has been taken seriously to effect the settlement of coal and the peace of the state.

BURIAL OF SENATOR HARRIS.

Followed to the Grave by Ex-Confederates in Full Uniform.

Memphis, Tenn., July 14.—The remains of the late Senator Isham G. Harris have arrived at Memphis, have been laid in state in the First Methodist church, and late yesterday afternoon were interred in Elmwood cemetery, according to the full and elaborate programme laid down in advance. The remains and the accompanying party from Washington and Nashville were met at the station at 7:30 yesterday morning and were escorted to the church by the ex-Confederate veterans in full uniform. The passage of the procession was watched by great throngs that gathered on the street even at so early an hour.

Thousands of friends and citizens viewed the remains during the morning and early afternoon. Funeral services were held at 4 o'clock and the body was interred in Elmwood cemetery with impressive ceremonies.

WHICH GREAT POWER WAS THIS?

Helps the Turk to a Treaty Assisting Him to Defy Europe.

Berlin, July 14.—The Frankfurt Zeitung's Constantinople correspondent says it is reported that a treaty was concluded at the Yildiz Kiosk yesterday between the Roumanian and Turkish governments by the terms of which Turkey will secure military assistance from Roumania in the event of Bulgaria's developing warlike designs. Ratifications of the treaty will be exchanged next week. It is understood that one of the great powers helped to arrange the treaty.

If the news contained in The Zeitung dispatch is true, it may be regarded as an important move on the part of Turkey, as it was believed in some quarters that the powers meditated using the Bulgarian army as a means of coercing the sultan into acceptance of the terms of peace offered.

GREAT STRIKE IN ENGLAND

Began Yesterday Morning and by Night 100,000 Were Involved.

London, July 14.—The strike of engineers is apparently to be a long and fierce struggle, and to be settled only on the basis of the survival of the fittest. Both the masters and the men have refused all offers of arbitration, including that of C. T. Ritchie, president of the board of trade. The lockout began yesterday morning. As a retaliatory measure the engineers are calling out the remainder of the men and by last evening no fewer than 100,000 engineers were idle.

Already the yards of several firms have been picketed. The London firms that have joined in the lockout now number forty. Among them are such important concerns as the Otis Elevator company, the Westinghouse Brake company, Frazer & Chalmers and the Brush Electric Engineering company.

Scores on the Ball Field.

Chicago, July 14.—Diamond records of League clubs at base ball yesterday were: At Pittsburgh—Washington 4, Pittsburgh 7; at Louisville—Philadelphia 4, Louisville 3; (second game) Philadelphia 9, Louisville 7; at Cincinnati—New York 4, Cincinnati 5; at Cleveland—Boston 5, Cleveland 8; at St. Louis—Baltimore 10, St. Louis 7; at Chicago—Brooklyn 4, Chicago 11.

Western League: At Milwaukee—Minneapolis 4, Milwaukee 9.

Western Association: At Rockford—Burlington 7, Rockford 18; at Dubuque—Des Moines 10, Dubuque 2; at Peoria—Quincy 0, Peoria 3; at Cedar Rapids—St. Joseph 2, Cedar Rapids 13.

Branch of the Debs Democracy.

New York, July 14.—Another branch of the Eugene V. Debs Social Democracy was formed last night in this city. A letter from Sylvester Kerliner, secretary of the Social Democracy, in Chicago, was read at the meeting. President Eshenbach, of the New York branch, said that he had received an offer of 450,000 acres of land in Washington, Jackson, Holmes and Walton counties, Fla., for \$1 an acre, and that he intended to communicate with Mr. Debs regarding the proposal.

Strike of Miners of Gold.

Ishpeming Mich., July 14.—The miners at Ropes' gold mine, forty in number, have struck for back wages. Clarence R. Ely, secretary of the company, disappeared mysteriously two months ago, and though his accounts are correct the men grew suspicious of the ability of the company to pay. The mine has been running continuously for thirteen years, and has produced nearly \$1,000,000 in bullion.

Protest Against a Schedule Tabled.

Grand Rapids, Mich., July 14.—The closing day of the Retail Furniture Dealers' National convention opened with a warm discussion over a resolution protesting against the imposition of a prohibitive tariff tax on German mirror plate glass. The resolution was finally tabled by a vote of 19 to 17.

Thieves Enter Italian Homes.

Spring Valley, Ill., July 14.—The residence of ex-Mayor Delmagro was entered Monday night by thieves. The robbers were frightened away, the ex-mayor having fired two shots at them. Delmagro is an Italian, and his residence makes the fifth Italian one entered in the past week.

Gold Democrats of Kentucky.

Louisville, Ky., July 14.—There was a good attendance at the gold Democratic convention yesterday, especially of prominent "wheelhorses" of the Democracy. The convention effected preliminary organization and listened to speeches from noted state Democratic leaders.

**REPUBLICAN LEAGUE PUTS IN A DAY LISTENING TO ORATORY.**

**PINGREE ATTACKS CORPORATIONS.**

And His Successor on the Stand Tells Him That Is an Easy Way to Obtain Applause, but That We Must Have 'Em—Woodmansee's Remarks About Cuba—Mass Meeting Held at Night—Canvass for the League Offices.

Detroit, July 14.—The National Republican League convention opened yesterday with a fair attendance of delegates for an "off year" in politics. Nearly all the states are represented, although the quotas of delegates are small in several instances. The absence of party leaders who are prominently identified with the administrative and legislative departments of the national and state governments is a conspicuous feature. The members of the party, who, while they have not attained eminence in political life, have plenty of enthusiasm and energy. The radical partisanship of the league men was illustrated in the fact that Mayor Maybury, a Democrat, was not invited to offer welcome to the delegates, Colonel H. M. Duffield having been selected instead by the local committee.

**Pingree Meets a Challenger.**  
In his address of welcome Governor Pingree voiced his well-known opposition to corporations, while Colonel Duffield, who followed, took occasion to state to the governor—who had said that the hope of the country was in the people—that "the hope of the people is in the Republican party," and that while it was easy to arouse a handclap against corporations that country could not live without them. The addresses of President Woodmansee and of President Dingley, of the Michigan League, son of the chairman of the ways and means committee, were enthusiastically received, and the convention adjourned early after the usual routine business.

**Woodmansee on Cuba.**  
Much of the oratory was devoted to advocacy of protection and a larger foreign policy—the annexation of outlying territory, etc. Of Cuba Woodmansee had the following to say: "In keeping with this policy [protection] it will guarantee that all liberty-loving people of the Isle of Cuba may rest securely in the shadow of our country's flag. Be it said to the glory of the American Republic that her citizens since the advent of Republican administration, are better protected and are safer in life and property on the Isle of Cuba than are the subjects of Spain herself. How could our people espouse the cause of Spain? Their very natures revolt when they recall the barbarous 'conquest of Mexico,' which is simply a link in the chain of atrocities that makes up Spanish history. Better, indeed, for our country that it should ally itself with the humblest government on earth than that it should be unconcerned about the barbarities of the other nations, however, exalted."

**Contest for the Presidency.**  
Last night there was a mass meeting in the convention hall at which a number of speeches were made and great enthusiasm manifested. The contest for the league presidency which will be settled by today's election goes merrily on. Crawford of Kentucky, and Feltz of Pennsylvania, each professes confidence in his election, while Pollasky of Chicago asserts that he is still in the race, notwithstanding the Illinois delegation is not giving him united support. Today will be held the convention of the Republican College League. The attendance promises to be light and the sentiment of the college men is that their gathering should hereafter be held in April, during the school year, when their members can be better assembled.

**Says the Strike Is Politics.**  
Until 9 p. m. the auditorium presented a somewhat dismal appearance and the outlook for a good attendance at the mass-meeting last night was not promising, but before the meeting began the building was reasonably filled. Webster Davis, of Kansas City, assistant secretary of the interior, made a warm speech. "In certain localities today," Davis concluded, "scheming politicians are trying to incite the laborers to engage in strikes in order to defeat re-election to the United States senate one of the noblest of American statesmen, Mark A. Hanna. But he will not be defeated, in spite of all these mining strikes." [Great applause.]  
Former Senator Arthur Brown, of Utah, was last introduced. He commended McKinley's action in appointing a bimetallic commission to European countries, and alleged that the only party which would ever restore silver to its rightful position in the currency was the Republican party.

**FATAL FREIGHT-CAR RUNAWAY.**

**Collision with a Train Follows and One Man Is Killed.**  
Boone, Ia., July 14.—A Chicago and Northwestern switch crew at 5:30 yesterday morning let seven freight cars get away from them in the yards here on the main line, and they started down the steep grade west of the city at a terrific speed. About a mile down they collided with freight train No. 22, a double-header coming up the hill. All the trainmen on both engines jumped and were not injured. In one of the runaway cars two tramps, Frank Brooks and Eugene Bibe, were sleeping.  
Their car was completely telescoped with another. Bibe was killed instantly and Brooks badly injured. Both engines were badly wrecked and traffic over the road was delayed seven hours. Bibe's body is being held to await possible inquiry from friends. He wore a watch with the initials E. B. on the case.

**Women Go Down Like McInty.**  
Alpena, Mich., July 14.—Captain and Mrs. Persons, of Thunder Bay Island, and Mr. and Mrs. Case, of Alpena, went down to the Pewabic wreck in the Smith "Living cylinder, remaining an hour and a half. These are probably the only women who ever went down in 160 feet of water and came up alive.

**No Pardon for the Youngster.**  
St. Paul, July 14.—The hearing of charges against the young man who shot and killed a woman in the city here, yesterday, was held in the city court.

**London, July 14.—The parliamentary South African commission that has been inquiring into the Transvaal raid has agreed upon its report. The Pall Mall Gazette today publishes a summary of the conclusions of the committee. The report will express an emphatic opinion that whatever justification there might have been for action on the part of the people of Johannesburg, there was none whatever for Cecil Rhodes' conduct in subsidizing and stimulating an armed insurrection against the government of the Transvaal.**

A heavy responsibility, according to the report, remains with Rhodes, despite the fact that at the last moment Dr. Jameson invaded the Transvaal without Rhodes' direct sanction. The gravity of Rhodes' transaction is weightily expressed by the committee, which finds "that he seriously embarrassed both the imperial and colonial government; that his proceedings resulted in an astounding breach of international comity; that he utilized his position and the great interests he controlled to assist and support revolution, and deceived the high commissioner, as well as concealed his views from the members of the colonial ministry and the directors of the chartered company."

The committee in conclusion condemns the raid, but at the same time expresses the opinion that nothing will be gained by proceeding with the proposed extension of inquiry into the administration of the Chartered company. Lord Rosemead and Chamberlain, and the under secretaries of the colonial office, are held blameless.  
Labouchere presents a minority report closing with the insinuation that Chamberlain might have been proved guilty if the investigation had been continued.

**No Style About This Wedding.**

Mason, Mich., July 14.—W. H. Dix, son of Auditor General Dix, and Miss Maud Haynes, of Dundee, were married Monday in this city. They drove from Lansing in the sweltering heat, and asked all whom they met to keep the wedding quiet. County Clerk Gunn said the couple were dressed in every-day summer apparel and that the groom needed a shave. He promised not to publish the license, and directed the couple to the house of a Baptist minister, who performed the ceremony. After the sun went down they drove back to Lansing.

**Pan-Americans at Milwaukee.**

Milwaukee, July 14.—The delegation of pan-Americans arrived in the city yesterday on the steamer Wisconsin. C. R. Rosenberg, of the Philadelphia Museum of Commerce, acting manager of the transportation, was at the head of the body. The party was met at the gang-plank by a committee headed by ex-Mayor John C. Koch, who escorted them to the Hotel Pfister for breakfast. They were hospitably entertained during their stay here.

**Sensation in the Spalding Trial.**

Chicago, July 14.—In the trial of ex-Bank President Charles W. Spalding for embezzlement, Professor S. W. Shattuck, of the University of Illinois, created a sensation by declaring that there was enough money in the general fund of the university to meet all warrants drawn up to the date the bonds were hypothecated by Spalding.

**Boys in Gray Going To Be There.**

Atlanta, Ga., July 14.—General John B. Gordon, commander-in-chief of the United Confederate Veterans, has issued an address accepting the invitation recently extended the organization by the Logan monument association, of Chicago, to participate in the unveiling July 22 of the monument of General John A. Logan.

**Retail Clerks in Council.**

Toledo, O., July 14.—President H. J. Conway, of St. Louis, called to order the seventh annual convention of the National Retail Clerks' association, at the council chamber, at 10:35 o'clock yesterday morning. Some 200 delegates are present, representing over 200,000 retail clerks.

TWIN CITY TELEPHONE 172.

WEDNESDAY, JULY 14, 1897.

PERHAPS the days of the Bell telephone company are not numbered in Benton Harbor but it would take a very little time to number the phones they have in operation here. The Bell company should have no regrets. It picked the Benton Harbor goose when it had a chance with cheap service and high rates.

THE EVENING NEWS usually can see wisdom and a large heart in the rulings of Justice Cady, but from his statements published in today's paper we entirely disagree. The justice complains because the city is making a little money out of the fines of criminals. To eat up the profit he believes that the chief of police ought to pull every vagrant up before a justice and thus cause the city to pay costs which amount in each case to \$2.45. The costs are divided between the justice and the police department and if the vagrant can't pay, as is always the case, then the county or city has him to board for 20 or 30 days. The only point for admiration in the argument of the justice is his frankness.
